United Way Fund Distribution Volunteers

Want to help decide how contributions to United Way's Community Investment Fund are disbursed in our community? Serve on our Fund Distribution Committee!

Volunteers of all backgrounds take part in the fund distribution process and work hard to ensure that the donated dollars are spent where they are needed most, and in the most efficient way possible, to impact our community goals. Each year, a group of around 100 volunteers participate in this process to review applications from nonprofits requesting funds from United Way of Davidson County. UWDC relies on these volunteers to act as stewards of community funds raised.

Interested in being part of the Fund Distribution Process?

Contact us!
info@uwdaavidson.org

More information :

 uwdaavidson.org

You can be part of this amazing group!

When

Each fall, we ask for approximately 10 - 12 hours from each volunteer. Our committee is broken into smaller groups of around 10 individuals. Fund Distribution Volunteer training will be held in October and will detail the fund distribution process. Any questions you have will be answered at that time.

Where

Each panel will visit the location of their assigned agencies on an assigned date in November. Volunteers will come together with their panels and listen to financial presentations from their assigned agencies. They will learn about the agencies requesting funding and review program outcomes and efficiencies. As a group, they will then determine how each program fits into United Way's work and make a funding recommendation to the United Way's Board of Directors.

Why

Fund Distribution Committee members will learn more about the issues facing our community, how donated dollars are hard at work and what is being done to make Davidson County a better place for all of us. Volunteers will see positive results from our local fundraising efforts. Best of all, it is a great way to be a proactive part of the solution!
